PERSONAL INFORMATION

NATIONALITY

Italian

DRIVING LICENCE

Italian – Category B

PERSONAL STATEMENT

Software Developer with two years of professional experience in backend, mobile and frontend development, currently pursuing a Computer Science degree at the University of Padua. I approach every problem with a critical, research-driven mindset, having contributed to enterprise systems in C#, Java and Swift while independently building high-complexity projects. I seek environments where the quality of thought behind a solution matters as much as the solution itself.

WORK EXPERIENCE

- 12/2023 – 07/2025
